Lucknow, UP / India | +91 8791082714,+918393025714|gamedeveloper.adityajeet@gmail.com | [Linkedin](#) | [Portfolio](#)

SUMMARY

Unity Game Developer with hands-on experience building and shipping 2D/3D games. Published on Google Play, competed in Global Game Jams, and built gameplay systems across mobile and PC. Equally comfortable writing C# architecture and designing tight game loops.

ACHIEVEMENTS

- Published ["It's Me Pico"](#) on Google Play Store
- Won 1st and 3rd Prize for Our Game at Institute and Cluster level in CU Projects Expo 2025.
- Won 3rd Prize in Global Game Jam 2025.
- Won Award for Best Gameplay Factor in Global Game Jam 2026.

TECHNICAL SKILLS:

- **Game Engines:** Unity (C#), Unreal Engine (Blueprints & Basic C++)
- **Scripting:** C#, Python, Object-Oriented Programming (OOP), Design Patterns
- **Game Design:** Level Design, System Balancing, Narrative Design, Enemy AI, Interaction System, API integration
- **Tools & Technologies:** Git, Visual Studio, AI-Assisted Development (ChatGPT, GitHub Copilot, Claude, Gemini)
- **Design:** Level Design, System Balancing, Narrative Design, Game Design Documentation, Game Optimization
- **Documentation:** Game Design Documents (GDD), Feature Specs, User Flows.

EXPERIENCE

Game Development Intern – Arkham Archives (December 2025 - January 2026)

- Developed gameplay features and character systems in Unity using C#, reducing iteration time through reusable and modular code architecture.. Identified and resolved gameplay bugs, optimized performance bottlenecks, and improved gameplay responsiveness through profiling and testing.

Game Development Intern (Unity) – Mayaavi Interactive (September 2025 - December 2025)

- Designed and implemented playable levels in Unity, integrating 3D assets and developing gameplay systems using C#. Built and optimized character behaviors, animation workflows, and interactive mechanics while maintaining performance and code structure standards.

PROJECTS

[The Legend of Indra vs Vritrasur](#) (December 2024 – Present), **Role** - Game Designer & Game Developer

- Designed combat systems, enemy AI, and narrative flow for an Unreal Engine action-adventure RPG with 3D immersive support. Balanced gameplay and progression through iterative playtesting.
- Led game design, gameplay balancing, environment planning, and implementation of core mechanics.

[It's Me Pico](#) (January 2026 – May 2026), **Role**- Game Designer & Game Developer

- Developed and published a territory-control mobile game on Google Play using Unity and C#, implementing AI opponents, scoring systems, and tile-control mechanics.
- Designed gameplay rules, implemented player controls and AI behavior, and managed publishing on Google Play.

[Reality Run](#) (January 2026 – January 2026), **Role**- Game Designer & Game Developer

- Created a Third person shooter game similar to escape room during **Global Game Jam 2026**, implemented an alertness level detector, Dynamic menus, Interaction system and more.
- Designed gameplay mechanics, implemented core systems in Unity, and collaborated on rapid game jam development.

[BubbleBoom](#) (January 2025 – January 2025), **Role**- Game Designer & Game Developer

- Built a 2D Unity shooting game during **Global Game Jam 2025**, implementing bubble-shooting mechanics, chain reactions, and progressive difficulty within a 48-hour sprint.
- Designed gameplay loops, balanced difficulty progression, and implemented shooting mechanics.

[The Shooter](#) (February 2024 – May 2024), **Role**- Game Designer & Game Developer

- Developed a Unity-based FPS featuring advanced movement, multi-weapon combat, and decal-based effects. Implemented modular animations and refined AI, pacing, and player mechanics.
- Implemented modular weapon systems, recoil mechanics, enemy AI, and animation state machines.
- Designed and implemented player mechanics, animation systems, combat features, and gameplay balancing.

EDUCATION

CHANDIGARH UNIVERSITY Gharuan, Punjab / India

BE CSE(GRAPHIC & GAMING); CGPA-7.34; Expected - June 2026

LANGUAGES: English (Fluent), Hindi (Native)
